

SA – Finding your Volume and Folio Details

Step 1 - Go to the SAILIS website

<https://www.sailis.sa.gov.au/products/titleSearch/registerSearch?form>

Step 2 – Enter property details

You can search either by address, volume and folio or lot and plan.

Search by Address:

Enter the details in the relevant boxes. If you search by address and you receive a message saying “there are no matching current titles for the supplied search criteria”, try simplifying your details, eg just typing in the street name and leaving the suburb blank.

Search by Lot & Plan:

If you have the lot and plan details and wish to find the volume and folio, enter the lot number into the “Parcel number” box, and the plan number (excluding any letter prefixes) onto the “Plan number” box. If you know the plan type you can select this from the “Plan type” box. Select “Search”. If your search returns no details, try just entering in the lot and plan number, or even just the plan number – it will bring up multiple options for you to select from.
