

WA – Finding your Lot and Plan Details

Note: In Western Australia, you cannot find your volume and folio for free on the Landgate website – you can only confirm that the details you have are correct for a specific property address. You can however find lot and plan details. You will need to locate your volume and folio details on other source documents or purchase a title search.

Step 1 - Go to the Landgate website

<https://www0.landgate.wa.gov.au/titles-and-surveys/certificate-of-title>

Step 2 - Click on “Order now”

Step 3 – Enter property details

At this next screen, you can search either by address, or lot and plan.

Search by Address:

If you only have your property address, and need to find the lot, plan, volume and folio, select “Address” and enter the details as shown:

Search by Lot and Plan:

If you know the lot and plan and wish to confirm these details, and also find the volume and folio, select “Survey” and enter:

- **Survey type** - (this will either be ‘Diagram’ (for a plan with a ‘D’ prefix), ‘Plan/Deposited Plan’ (for a plan with ‘P’ prefix), or ‘Strata/Survey Plan’ (for a plan with a ‘S’ prefix))
- **Survey Number** – this is the plan number – you should enter only the numbers, not the letters
- **Lot Number** – enter the lot number

Search by Volume and Folio:

If you know the volume and folio, you can confirm these details and find the lot and plan details by selecting “Certificate of Title” and entering the volume and folio in the format [volume]/[folio].

Certificate of Title

Search our records by entering the details

Search By:

Title Number: ?

The results will display as follows, confirming the lot and plan details, and the correct property address if you entered via the volume and folio.

Certificate of Title for UNIT 8, H 5 ABERDEEN ST PERTH 6000 Lot 3 On Strata Plan 10672	Email	<input type="text" value="1"/> v	\$24.85	\$24.85
