VIC – Confirming your Volume and Folio Details

Note: In Victoria, you cannot find your volume and folio for free on the Landata website – you can only confirm that the details you have are correct for a specific property address.

Step 1 - Go to the Landata website

https://www.landata.vic.gov.au/

Select "Titles & property certificates" from the "Titles & Property Information box"

Step 2 – Enter property details

Select "Volume/Folio Number" and enter the volume and folio details you wish to confirm. Note: if the folio has more than 3 digits, enter only the **last** 3 digits. Select "Title & Property certificates" and then "next".

The results will show as follows, confirming that the volume and folio you have entered are correct for your property address.
